Reseller Program for Agencies

Resell Netmaster maintenance plans at a direct discount — the relationship with the end client stays yours.

How It Works

15% direct discount

On the Essential, Standard and Premium plans — the price is yours to keep; the gap versus the end-client price is your margin.

You keep the relationship

The end client is always yours — Netmaster works behind the scenes, with no unsolicited direct contact.

We handle the technical side

Updates, backups, security and support delivered by Netmaster; you focus on account management.

Reseller Pricing

15% discount on all plans, except AI Automated

Plan	End-Client Price	Agency Price	Monthly Savings
AI Automated	€15/month	€15/month	No discount
Essential	€40/month	€34/month	-€6
Standard	€80/month	€68/month	-€12
Premium / E-commerce	€160/month	€136/month	-€24

Annual prices:

the same 15% reduction applies to annual values (e.g. Essential €400/yr → €340/yr agency price).

Billing: Netmaster invoices the agency at the agency price; the agency invoices the end client at whatever price it sets.

Hour Pooling Across Clients

Buy in one package, allocate freely.

The hour packages you buy as an agency aren't tied to a single client — you can allocate them across the maintenance plans of all your clients, as needed each month. This lets you always buy at the lowest price tier (e.g. 150h at €20/h), instead of each client buying top-up hours individually at a higher rate.

Practical example

5 clients each need 10h extra this half-year (50h total)

Scenario	Calculation	Total
Each client buys individually (€30/h)	$5 \times 10h \times €30/h$	€1,500
Agency buys one 50h package (€24/h)	$50h \times €24/h$	€1,200

Savings: €300 (20%)

Hour Package Tiers

Same hourly rate for agencies and end clients — the agency discount applies to the plans, not to this rate card

Package	Price/hour	Validity
Single hour	€30/h + VAT	1 month
10h	€28/h + VAT	3 months
25h	€26/h + VAT	6 months
50h	€24/h + VAT	9 months
75h	€22/h + VAT	12 months
150h	€20/h + VAT	18 months

Out-of-contract hour

€35/h + VAT

The bigger the package, the lower the hourly rate — buy at the highest tier your client portfolio justifies.
